

Air 1 daily boosts my confidence and encourages me to do the best i can. It provides me with positive uplifting music throughout the day. I think that if Air 1 were to be displaced by an LPFM broadcaster, many people in my city would be more depressed, angry, and more likely to do stupid things in the future. Just one encouraging song can have a huge impact on an individuals attitude and outlook on life. If you took away Air 1, it would be like taking away someones greatest encourager and the person who helps them make it through the day.
